

Dear Valued Patients,

I hope this letter finds you and your family in good health. It is with mixed emotions that I write to inform you of my upcoming retirement. Since I established my practice in 1984, it has been my sincere privilege to provide your dental care. The friendships forged have made for the most fulfilling 42 years. While I will dearly miss serving you, I look forward to the next chapter in my life, filled with quality time with my wife, four children and currently two grandchildren and of course golf. I am pleased to share that my wonderful staff, Kristen and Heather, will remain with the practice and continue working with the new dentist.

After thoughtful consideration and careful planning, I have selected **Dr. Haritha Ghanta** to continue the care of this wonderful practice and its patients.

Over the years, I have always believed that *who* carries forward the practice is far more important than *when*. After extensive research and meeting many talented clinicians, I found in Dr. Ghanta someone who truly reflects the values, philosophy, and standard of care that have defined this office for decades.

Dr. Ghanta is a comprehensive dentist with advanced expertise in **implant and cosmetic dentistry**, including Smile Makeover. She graduated at the top of her class from the **University of Pennsylvania**, earning her DMD degree, and brings over **nine years of experience** performing advanced procedures. More importantly, she is deeply committed to putting patients first—focusing on long-lasting, thoughtful, and personalized care for every individual she treats.

What stood out to me most is not only her clinical excellence, but her warmth, integrity, and genuine dedication to the community. I am confident that she will continue the tradition of care and trust that we have built together over the years.

As part of this transition, the practice will be moving forward under the name **Feasterville Dentistry**, reflecting a renewed vision while maintaining the same strong foundation of patient-centered care.

I am pleased to share that I will be working alongside Dr. Ghanta during this transition period to ensure it is smooth and seamless. Our dedicated team will remain the same, and you can continue to expect the same friendly faces and high level of care you have always received.

It has been a true privilege to care for you and your families. The relationships we have built mean the world to me. I kindly ask that you extend the same trust, support, and warmth you have shown me over the years to **Dr. Haritha Ghanta**, as she takes on this next chapter in caring for you.

I am deeply grateful for your continued confidence, and I look forward to seeing you soon.

Warmest regards,
Dr. Robert B. Daniels, DMD
